DATE:	HIGH TIDE:	LOW TIDE:	SPRING / MID/ NEAP
-------	------------	-----------	--------------------

AFTER THE RACE

Have all competitors and safety boat crews been accounted for ashore?	
---	--

Advice: For courses out of harbour it is recommended to call Coastguards 02392 552100 and advise: race area, number of dinghies, number of safety boats, time out, expected time back, VHF channel and your call sign, and to call again at the end of racing to confirm all accounted for.

Thank you for your help.

Note: The Sailing Risk Assessment is to form part of this document.

The Race Officer must complete this form daily and hand to the HISC Office before Racing
