

2019

WHY CHOOSE HAYLING ISLAND SAILING CLUB?

Hayling Island Sailing Club is located in a magnificent position at the mouth of Chichester Harbour. It is sited on a sandy peninsular with direct access to two superb sailing areas – the sheltered water of the harbour or the open water of Hayling Bay – which makes it an ideal venue for national and international championships. There are regular dinghy and cruiser races for a number of supported classes. At high tide it is possible to lay an Olympic course adjacent to the sailing club. The club is an ideal base from which to cruise in the harbour or the Solent.

We offer:-

- **First class dinghy & keel boat racing programme**
- **Training in sailing and associated activities**
- **No tidal restrictions**
- **Choice of sheltered harbour or sea sailing**
- **National & international championships**
- **Experienced race organisation**
- **Rescue facilities**
- **Swinging moorings**
- **Visitors' overnight mooring**
- **On site chandlery**
- **On site accommodation**
- **Bars, restaurant & snack bar**
- **Family bar & over 18s lounge**
- **Changing rooms and showers**
- **Large dinghy & car parking areas**
- **Full social programme**

Whether you sail a dinghy, wind-surfer or keel boat, whether you race or cruise, our considerable depth of experience enables us to offer the best possible facilities, from organised racing and cruising events to a comprehensive menu in our restaurant; you will be impressed with our facilities and, most of all, our friendly club atmosphere.

Further information about the Club can be found at www.hisc.co.uk

Temporary Membership

(Available on a daily basis. Please contact the Office for further details)

CLUB DUTIES

The club asks that each member over the age of 17 and under the age of 70 undertakes at least 2 club duties. You will not be expected to do a duty in the year you join the club (eg if you join on 2nd September 2019 you will be eligible for duties in 2020.)

HISC provides a full and varied racing programme, which ensures that no matter what class or type of boat you sail, and at whatever level you wish to compete, there will be something in the programme for you. To be able to run these events we rely on our members to help in the form of club duties.

Whether you are relatively inexperienced or fully qualified there's a role for you. There are a number of courses or training days available should you wish to gain the relevant qualification or experience to be able to undertake any of these roles. (Please see pages on training on page 6.)

Below is a quick guide explaining the different duties available. This will help you select a duty best suited to your skills and knowledge.

Race Officer The RO is responsible for all activities on the race course. An appropriate level of experience is required for this role.

Assistant Race Officer (ARO) The ARO assists the Race Officer on the committee boat. Roles might include: Recording finish times, hoisting and lowering flags, logging communications. No experience is necessarily required for this role.

Mark Layer Responsible for laying marks and giving the RO information on wind strength/direction on the race course. They are also expected to play a strong role in safety/rescue in an incident. Minimum Qualification PB2.

Mark Layer Crew assists the Mark Layer as crew in the same RIB. No specific experience required however some RIB driving skills are very useful.

Safety Officer Responsible for safety and rescue operations, delegated from the RO. An appropriate level of experience is required. Minimum Qualification PB2, VHF and First Aid. HISC/RYA Safety Boat qualification would normally be expected. For club racing this may well be the "Safety Leader Driver"

Safety Leader Driver Responsible for on-water leadership of the safety fleet. An appropriate level of experience is required. Drives a RIB. Minimum Qualification PB2, VHF, First Aid and HISC/RYA Safety Boat would normally be expected.

Safety Rib Driver Must be a competent RIB driver and works closely under the leadership of the Safety Leader and Race Officer. Minimum Qualification PB2.

Safety Rib Crew & Safety Leader Crew Assisting the driver as crew in a RIB. No experience is required but some RIB driving skills are very useful. This is a good way to increase experience with RIBs.

Race Box / Shore Race Box for major events is also the "Beach Master" who manages the shore-side activities, working closely with the race team. Plays a key role in ensuring all competitors are counted home safely. An appropriate level of experience is required and VHF qualification is normally expected. The Shore role assists the Race Box / Beach Master. Usually involved with running the tally system and recording competitors safely ashore. No special experience is required and a good way to gain experience.

For more information or queries on duties, please contact Leah our Sailing Secretary.

HISC DINGHY REGISTRATION & PARKING

We currently have limited boat parking on site and therefore any member (new or existing) wishing to park their dinghy at HISC will need to go on the dinghy parking waiting list and wait for confirmation of a parking space available. For further information on dinghy parking at HISC please contact membershipsecretary@hisc.co.uk

We regret that we cannot accept multi-hulls

**BOATS MAY REMAIN ON MOORINGS FROM 1st MARCH to 31st OCTOBER
(UNLESS PARTICIPATING IN THE CRUISER WINTER SERIES)**

HISC Training Information

HISC offers a variety of training courses both on and off the water from RYA courses to HISCs own courses designed to help you progress.

Sailing Courses If you are interested in learning to sail you will find weekly opportunities at the all new Youth Get Sailing Club for younger sailors and Get Sailing for adults

HISC Youth Get Sailing & Windsurfing runs on Saturday mornings from later June to mid-September. This will be a regular opportunities for complete beginners to novice youth sailors to get on the water and learn to sail, gaining RYA Dinghy Stage 1 & 2 certificates and RYA Stage 1 & 2 Windsurfing.

HISC Get Sailing is for adults who want to learn to sail and achieve RYA Level 1 and progress to RYA Level 2. Get Sailing runs on Saturday afternoons.

HISC Get Racing Club sessions are for all those wanting to make little steps towards racing whilst having fun and gaining confidence. Once sailors have completed either Stage 2 or 3 for Youths or Level 2 for Adults we invite you to attend HISC Get Racing Club on selected Saturday afternoons. These fun and informal sessions are perfect for those wanting to improve their confidence.

Women on Water (WOW) is set up to get women out on the water in a relaxed and fun environment. We offer 3 groups, improvers, improvers plus and advanced. In June we run a 3 day back to back session where total beginners are also welcome. The emphasis of the sessions is dependent on the group; lots of women just want to gain confidence to sail on their own, or that they can sail with their children. Some want to start racing, others just simply want to get out on the water in a relaxed format.

Powerboat Courses The two day RYA Powerboat Level 2 is the ideal course for those wanting to learn to drive a powerboat and to drive a rib for club duties. The HISC Safety Boat Driver is a one day course, put together by our own instructors and designed to give practical learning experience for how to handle capsized dinghies as well as towing and other emergency producers. Perfect for those who have completed PB2 but want to learn more.

New for 2018 is the one day HISC Safety Boat Crew course. This course is aimed at anyone who volunteers as a safety boat crew but would like to learn some useful practical skills. Completion of this course will also earn you RYA Powerboat Level 1 (this course is also open to 12-16 year olds who would gain an endorsed certificate)

RYA Shorebased Courses the one day RYA First Aid course includes practical use of a defibrillator and the one day RYA VHF Radio course is highly recommended for anyone going afloat. The 10 week RYA Day Skipper Theory course is an exciting addition to this year's training program.

RYA Instructor Training In the program you will find to opportunities to take the RYA Dinghy Instructor Course. There are several pre-requisites to this course (Pre-assessment day, RYA First Aid, RYA PB2 & RYA Safe and Fun)

Race Management If you are interested in mark laying or mentoring to become a Race Officer please contact the office.

Accommodation

Our accommodation is basic and located in two blocks, Stocker and Dunes, both situated near the clubhouse.

Commodore's Cabins:

Double bed with a single bunk over it:

These rooms sleep 3 people, with two people sharing a bed. **£50.00 member** (£60.00 non-members)

FAQ by New Members

How long does it take to become a member of HISC? Not long, but to become a member of HISC you should attend a 'New Members Briefing'. On receipt of your application form, the Club will email you confirming the upcoming briefing dates. If you are unable to attend any of these dates, please contact the Membership Secretary to arrange a more suitable time.

What are the costs of joining HISC? To become a member of HISC there are two separate fees which are; a one off entrance fee (where applicable), and annual subscription. In addition, if you wish to sail a boat at HISC, there is a boat registration fee, and a boat parking fee (if you are allocated a space in the dinghy park).

What do I pay the day I join HISC as a member? You will pay the whole entrance fee (where applicable), one month's subscription and boat registration/parking fees (where applicable).

Can these payments be made by Direct Debit? Your entrance fee on joining the Club must be paid in full, by card/cash or cheque together with your 1st month's subscription. Thereafter, your subscription will be paid by Direct Debit. You will be asked to complete a Direct Debit mandate form when you join.

What stipulates a family? Family membership is not just for people who are married with children but is also open to partners who share the same address. Children (and grandchildren) under the age of 18 are included in this membership.

What is the difference between dinghy registration only and registration & parking? If you would like to sail your dinghy from the Club it will need to be registered. We currently offer 2 types of registration these are;

Registration only; this type of registration allows the dinghy to be sailed from the Club but does not include an allocated boat parking space. You may however leave the dinghy overnight when sailing on consecutive days at the weekend if permission has been granted by the Marine Manager.

Registration & Parking; this enables you to keep your dinghy at the Club in its own allocated bay. Due to limited space in the dinghy park, any member (new or existing) wishing to bring a dinghy to the Club, will be added to the waiting list and must await confirmation from the Marine Manager that a space is available.

I want to join HISC to support my child sailing but do not sail myself, what is there for me? Apart from the fantastic setting of HISC, with its private sandy beaches, HISC also boasts a very active all year round social programme. There are also plenty of opportunities for members to become involved through club duties.

I am not a member but my child who is under 18 wishes to become a Youth member at HISC, is this possible? We do like a parent to join HISC to support their children. However we understand that families often have other commitments and therefore we have a Youth membership available for those age 16 or 17 who can join for the year without their parents becoming members. Please contact the Membership Secretary for details. winter training. This is available for children age 8 -17, from 1st October to 31st March. This membership category allows children to take part in the autumn/winter Club Class training.

If you have any questions regarding membership at HISC please contact;

Liz Murray
